

# Gain a competitive edge with Hudl.

## Learn from video.

Coaches can use Hudl to pinpoint where athletes should direct their focus. Learning is no longer restricted to practice—athletes can dedicate time off the court to review video and learn new concepts.

## Improve with insights.

Tying data to the video puts an objective spin on each athlete's strengths and weaknesses. They can also track key stats throughout the season to see how they improve from match to match.

## Get noticed.

Hudl helps athletes win—that includes giving them the tools to celebrate and share their success. We make it easy to turn their biggest plays into highlights, so they can get noticed by recruiters and compete at the next level.

“Hudl is a tremendous learning tool, and we’re preparing our kids to play at the next level.

Chris Leonard, Club Director

| Matches   |    | Side Out Pct |                       |                       | Serve |                     |
|-----------|----|--------------|-----------------------|-----------------------|-------|---------------------|
| Season    | MP | SO PCT       | PW                    | PL                    | S PCT | SA                  |

# Benefits to Parents

## Don't miss a thing.

Parents can access video of the entire season with their child's Hudl account. Even if they can't attend a match in person, they won't miss a moment.

## Put down the camera.

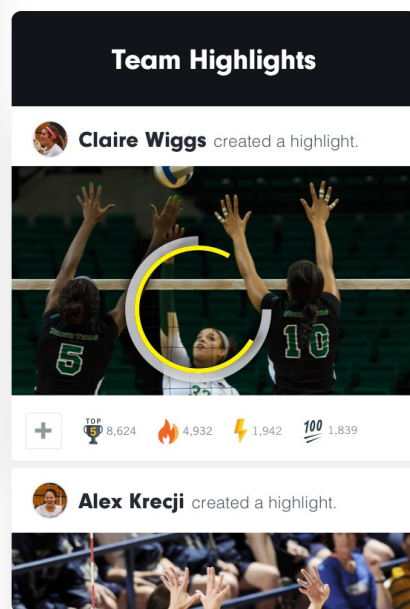

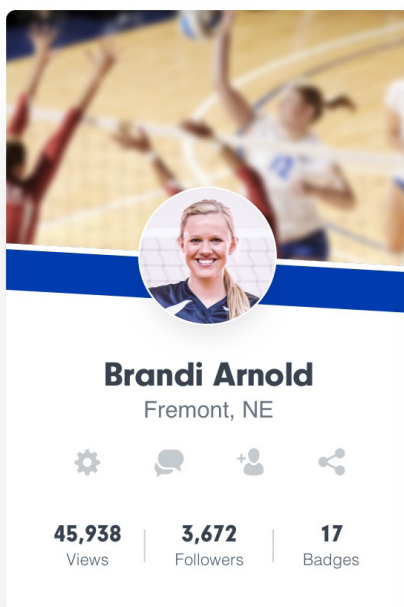

Enjoy the match. Rather than stress over capturing every move your child makes, only one person needs to record the match and everyone will have access to the video.

## Create quality highlights.

Saving big plays to share with fans and recruiters only takes a couple of seconds. And with access to title slides, music and spot shadows, athletes can create video highlights that stand out.

## Own the recruiting process.

A Hudl profile packed with highlights will help athletes gain traction and get on the right recruiter's radar. The next level is within reach—and completely up to them.
